Group 18 79800 Heating cables in special performance

Model/type ISOTERMØR

Data 15-75m, 32/60, 40/70, 50/80 or 63/100, 230V

Other specification Corrugated outer pipe with diameter 60,70,80 or 100mm, nylon leading cord, aluminium foil, non-standardized heating cable made by Nexans or NEK/CDT, waterpipe with diameter 32,40,50 or 65mm. Connection to fixed installation is made by a 2 step switch type CA20 made by Krauss & Naimer

The above product is certified according to the following standard(s) Safety std.: NEK-IEC 60800 :92, 20B(Central Office)121:90
IEC 61423-1:95 and IEC 61423-2:95

Validity This certificate documents conformity with the standards shown, and also applies as license for use of Nemko's name and certification mark. The certificate and license is valid as long as the applicable conditions are complied with, and provided that any changes to the product are notified to Nemko for acceptance prior to implementation.
New standards or amendments to the standards may imply that the product design must be updated and/or that re-testing and re-certification is necessary.

Variants This Certificate also covers variants with Position No. from 001 to 002
